# **OUICK START GUIDE:** Getting a Rate Quote on My Estes

 In the My Estes Rate Quote tool, simply choose the type of quotes you want to see. If you want to see a full comparison, check all three. Or only select the rates you're looking for. All types of rates are available through this one Rate Quote application.

Note that some fields such as Pickup Details, Dimensions, etc., won't display for LTL-only rate requests.

If you want to purchase additional cargo liability coverage, be sure to review the coverage information and the supporting details. Then input the amount of Full Value Coverage in the box to the left and check the box on the right.

9 List linear feet here (optional).

You can add additional comments up to 100 characters. Keep in mind that information in this field will keep volume and truckload rates from automatically returning, and the next screen will instruct you to click "Contact Me." Once you do that, we will quickly review details and contact you directly with a quote. Comments won't affect the ability of any LTL or time-critical options to automatically rate.
